

## ♥ Botanical Orchids and how to Grow Them

Jack Kramer

Garden Art Press (1998)

### Summary:

This book addresses the technical needs of the novice orchid enthusiast in choosing species appropriate to the climate and facilities available, as well as guiding the beginner in the basics of orchid cultivation. "The lesson to be learned is that you can successfully raise orchids as long as you select the species appropriate to your growing environment, whether that is a conservatory, greenhouse, garden room or window-sill in your home." A major feature of the book is the Gallery of Orchids which covers over 350 different botanical orchids, many of them illustrated. Botanical Orchids contains practical advice, history and easy-to-use reference material and will be a welcome addition to the gardener's library.

## ♥ The Pocket Tree & Shrub Expert

D. G. Hessayon

Expert Books (2001)

### Summary:

Take the EXPERT with you anywhere! The world's best-selling gardening series...written by the world's best-selling gardening author...in a handy carry-it-anywhere, at-your-fingertips format! With over 43,000,000 copies of the EXPERT books in print, it's very clear that gardeners depend on these detail-filled guides for choosing, cultivating, and caring for plants of many kinds. Become a "pocket-carrying" expert, too--with compact versions of the full-size manuals that give you on-the-spot information. \* At the nursery and trying to decide what flower, shrub, or tree to buy? Just pull the book from your pocket or purse, and see in an instant which ones suit your soil, climate, current layout--and lifestyle too. \* In the park or public garden and want to identify a specimen that's caught your eye? The "encyclopedia"'s right there so you can look it up. \* Working in the backyard and concerned your favorite plant might have a disease or pest? Wonder if what's sprouting is a bothersome weed? Don't wait: you can take care of those troubles ASAP when you have the facts in a flash. Every one is in full color, with easy-to-use directories. You won't want to go anywhere without them!
